Support the Driving Force

The Smart Energy Council is the peak body of the smart energy industry. With around 1,000 members Australia wide we trace our history back to 1954. We are a not for profit, membership based organisation. Our members drive our work ensuring that we deliver results for the smart energy industry and the Australian community.

The Smart Energy Council:

- **Fights for good policy**
- **Provides actionable market intelligence**
- **Creates valuable networking and introductions**
- **Runs high quality training and professional development**
- **Promotion of Smart Energy for ALL Australians!**

Don't sit on the sidelines. Become a Smart Energy Council Member and play an active role in driving industry quality, safety, and smart national energy policy.
